

KISCHULE
BAD HOFGASTEIN

THE SKISCHULE BAD HOFGASTEIN SAYS HELLO

We are a family run company supported by an amazing team.

Our core team includes 60 instructors, during high season weeks we are about 100 instructors.

We are a perfect mix of international instructors from Austria, Germany, Scandinavia, Belgium, Netherlands and other parts of Europe. This allows us to make our guests happy and we learn from each other characteristics.

Our base GASTEIN is, as highest ski resort from Ski amadé, located in Salzburg and a very special alpine place. Due to its altitude we have great conditions for skiing all over the season what forms GASTEIN to a great Freeride hotspot.

Our skischool has a wide range of offers for tourists & locals which includes our big learning and playing area for kids & family. It is called GASTI PARK and makes the winter holidays for families adventurous and unforgettable.

UNFORGETTABLE WINTER HOLIDAYS is our goal to present our guests. For this we need a strong, motivated & competent team showing their passion for winter sports and create people beautiful memories.
